

# Mujtaba Shafqat

## SOFTWARE DEVELOPER

---

### OBJECTIVE

To obtain a challenging position where I can leverage my skills in web development, Python scrapping /automations and while also expanding my knowledge in areas such as team coordination and project management. I am seeking opportunities to further enhance my technical capabilities and gain hands-on experience in a professional environment.

---

### EDUCATION

BS (Computer Science)  
2021 – Present  
National University of Sciences and Technology, NUST, H-12 Islamabad

---

### EXPERIENCE

#### PYTHON PROGRAMMING

Fiverr  
2021 – Present

As a freelance Python programmer, I have gained valuable experience in developing efficient and scalable solutions for a diverse range of clients. Through my freelance projects, I have successfully applied my expertise in Python to deliver high-quality software and web applications. My experience spans various domains, including web scraping, UI development, natural language processing, automations, and API integration.

#### WEB DEVELOPMENT

Freelance  
2022 – Present

As a web developer, I have gained extensive experience in crafting visually appealing and interactive websites using HTML, CSS, Bootstrap and JavaScript. In addition, I have a strong command over PHP and Laravel framework, enabling me to develop dynamic and feature-rich web applications. I have worked for many business clients developing their web-based solutions. Some of my clients include Oxyrich Mineral Water Company, Taj Academy, Sports Bet Formula and many more.
